EXPERIENCE

2017

Talking Brands branding studio.

The only employee in the studio, with the full branding process under my responsibility: The concept, the graphic language development, graphic design, copywriting, presentation preparation, brand book preparation and repairs / renovations for past projects. I also worked on a new website for the studio in terms of design and uploading the site to WordPress.

2017-2018

Skipass ski/snowboard/surfing equipment company.

Graphic designer among the company's marketing team. My work for Skipass included both print and digital design, including a whole new graphic language for the company, visual concept of different campaigns, the design of several websites the company owns, newsletters, advertisements for facebook/instagram/google and the store application, variety of printed advertisements, blank forms, membership cards etc.
